“Entering the Passion of Jesus” The accounts of Jesus' Passion in all four Gospels are stories of failure and courage, despair and hope, political machinations and theological inspiration. In this 6 week Lenten study we'll delve into the history and literature of the last days of Jesus' life as we seek to understand and question our own lives through the stories of Jesus' trials and choices. This Lenten journey will challenge us to examine our consciences and find out how deepening our relationship with Jesus and the Bible brings us into closer relationship with others and the world. When we learn the history behind the texts we can read the Passion stories with *compassion* and see how much more meaningful they become.
